How the HomeBenefitIQ Program Has Helped My Business...

“The main breakthrough for me was realizing and leveraging networking relationships with likeminded business people. My largest accounts have a nationwide database of 25,000 employees. I am more motivated and excited as ever to be prospecting exponentially! Your company, management and staff have been there as a guiding light throughout the process! Top notch service and professionalism!”

~**Brandon, Fairway Capital Investments**

“We just had our first HomeBenefitIQ launch for a printing company with 300 employees. We were set up for meetings from 7-9 am and 3-5 pm with employees streaming in all during that time. The company supported the project – they did a drawing for a prize at each meeting to promote participation! We had 12 leads for all the partners, we are setting a minimum goal of one new presentation per week and all of our partners are excited.”

~**John, Allied Home Mortgage**

“I took your advice and went to my local SHRM meeting. It went better than I could have ever expected. No one had heard of HomeBenefitIQ and they were all very interested! I spoke with our guest speaker and she wants to work with me. I have appointments to speak with many others whose interests were peaked. This was the best possible way to get started in home benefits and I appreciate all your support”

~**Kyle, Kensington Financial Services**

“I met with 3 realtors today about HomeBenefitIQ. They are excited and are now making their lists of prospective business and professional partners. Your program is quite spectacular...we just need to work it properly.”

~**Donna, Primary Residential Mortgage**

“I don’t mess around! I got my first company, a vision center with over 160 employees! I have only attended one 30-minute training session and I already made an appointment!!!”

~**Fred, Signature Mortgage Group, Inc.**

“Thank you Scott! I already have 300 employees signed up with the program (I’ve been a subscriber for less than two weeks)! We are also talking to a non-profit car sharing membership program that has 18,000 members.”

~**Jane, FG Mortgage**

“I met with a property manager at an apartment complex with 700+ units today. We are going to be in their welcome package for residents – they won’t rent forever. We are going to push them as a partner for people who are relocating, etc. Win-Win for all involved.”
